About Me

Talented hard-worker developer and problem solver offering many years of development and deployment experience in different platforms, languages, and frameworks. professional at designing and solving linear and non-linear systems; design and improve software architectures; designing Artificial Intelligence-based systems. In general, I am a problem solver and developer person who love to be always on the edge of the technology and try new things.

My Objectives

Help and try to create businesses that help people to earn money from those businesses and also develop and deploy applications of science to improve human lives qualities.

C / C++ 100%	Ruby & RoR 100%	Python / PHP 80%	MySQL 75%	Qt / Electron 60%

Work Experiences

2018 - Present

Founder & CTO
at Projeham

Founder and CTO of a startup *projeham.com* which helps people to find experts easier and trust their projects to them and deploy those in the safest and fastest way.

2013 - 2014

Developer
at Elsif

A full-time, full-stack Ruby on Rails developer at *elsif.ir* which was an early stage startup for educational purposes, Its goal was creating and sharing educational videos for programming and computer science fields.

Educations

2014 - 2016

Master of Science
Artificial Intelligence And Robotics

Isfahan University of Technology,
Isfahan, Isfahan Province, Iran

2009 - 2014

Bachelor of Science
Software Engineering

Urmia University of Technology,
Urmia, West Azerbaijan Province, Iran

Knowledge & Skills

Programming Skills

Advanced knowledge of C, C++, C#, Python, PHP, Ruby, and Ruby on Rails, MySQL, Javascript, Simulink, Bash and troubleshooting & Debugging

Software Engineering

API and Software architecture design

Artifical Intelligence Methodologies

Artificial Neural Networks, Deep NN, SVM, Fuzzy Systems, Evolutionary Algorithms (in general), Linear / Non-Linear Algorithms
Image / Text / Signal processing

Data Mining

Data management, Data collection and analysis, Proprocessing & Data extrcation

Application Developer

Qt / Electron Cross-platform developer
